

Development of BiharBrains Scholastic Center (BBSC)

Description:

India is a land of spiritual gurus, Pundits of natural sciences and ancient Sheet of learning where unique concept of cumulating knowledge & churning of deep rooted philosophy of mankind were into practice.

Bihar is one of the states in India which was cynosure for the paradise for intellect and blessed with scholars of international fame who spreaded the light of knowledge and wisdom throughout the world.

To rebuild the past glory and revamp education in the changed environment, Bihar Brains, an international organization of educated people of Bihar living in India and abroad is planning to establish its "**Scholastic center** "a **Gyan Kendra** at Patna in association with NRIs of Bihar and active co-operation with industrialist/organizations from India and the govt of Bihar.

In a view to give it a shape of "**Gyan Kendra** ",this project has been prepared to establish unique scholastic center under which many training and development center, placement and Consultancy center can be established and also development projects can be executed. This proposal describes the details about the entire project and also the ways in which investors can contribute and will be get repaid within few years so as after few years BB Scholastic center will be a self sufficient unit.

Bihar Brains In a brief:

BiharBrains (BB) was established on yahoo two years before in order to unite educated people of Bihar who are living in India and abroad (NRIs) for the development process of the country of their origin. In two years, BB has successfully executed many programs and events in the state of Bihar and done well particularly in creating good work environment in the state of Bihar by organizing programs based on career development of the youngsters and starting few development projects.

To execute programs and development projects we started our Office and established BB Scholastic center. But in two years BB Scholastic center have achieved name for its real cause.

BiharBrains has got 16 centers in all over the world such as USA, UK, Australia, UAE, Saudi Arabia, Singapore, South Korea and many cities in India like Patna ,New delhi, Mumbai, Chennai, Bangalore, Hyderabad, Pune,Ranchi, Jamshepur etc where our representatives discuss on the development projects on Bihar and new ideas projects to be started in Bihar.

The establishment of BiharBrains Scholastic center and its development is also result of their consent in co-operation with all members.

Aims and Objectives of the Project:

The main objectives of this project are to establish unique scholastic center where students, Professors, Researchers, scientist of all the streams will get all basic infrastructure like computers, Internet with unlimited accessibility and all multimedia facility, free online international and national journals and free consultancy for higher studies and employment in abroad. This scholastic center will also establish Training, design and development center in the field of science and Technology, Finances and personality development. The placement and Consultancy center will be established for giving educational consultancy and help in getting employment in India and abroad to the needy aspirants.

This scholastic center will also be the development project execution center where all ideas of any individuals or group will be executed in Bihar. The details about this project can be seen on our website www.bbscindia.com .

In a brief, for setting up complete scholastic center, we need to establish following centers

- A. To establish CDAC authorized Centers in IT related Training ,design & development
- B. To establish Center for learning, discussions, seminars, workshops, orientation programs with all basic infrastructures.
- C. To establish Center for Personality Development (CPD) and Human resources.
- D. To establish Placement and consultancy center
- E. To develop "Manthan" a world class online and printable magazine
- F. To establish Development projects Execution Center
- G. To open and promote R&D center/Institute/Company under BiharBrains society or in association with Govt or any other groups or individuals.
- H. To work for infrastructural development of the schools/colleges in India.

Details about Centers

a. **CDAC Authorize Training Center:** CDAC authorize training center should be established to impart training in the field of VLSI/Embedded system/IT/Multimedia etc. As per meeting (Bibhuti Meeting with CDAC Officials in Feb 2006 at Pune head office) and brochure of opening CDAC authorized full center, there is need to invest around Rs 1 crore for the same to compete with their standards. As per their rule, CDAC official team will visit the center to see all facilities at the proposed center and then they will decide about giving Authorized center. Main points are:

- There should be good infrastructure of minimum 3000 sq.ft area
- Good lab facilities and Computers with all licensed softwares.
- There will be MOU between CDAC (runs under Ministry of Science & Technology, Govt of India) and the party (BiharBrains scholastic center or any other names). The percentage share of CDAC of each course is 30% and 70% will go to the party.
- Every year Joint national level entrance exam is conducted by CDAC at various places in India and students will be selected to get admission from the exam.
- The total investment for all the courses of CDAC will be around Rs 1 crore. But party is free to start from one course also. But for that also minimum investment will be around Rs 25 lakh.

b. **Center for learning, discussions, seminars, workshops, orientation programs with all basic infrastructures :** To establish center of learning ,discussion, seminars, workshops and orientation programs, we need to have establish all basic infrastructures like 50 computers , Internet with all multimedia facilities , accessing online international and national journals, getting help materials for higher studies in India and abroad and getting educational as well as employment consultancy through the staff of this center. This center will do following extra curricular activities time to time

A. Unique Online Library BB Scholastic center will provide online library to members who registered at Patna BB center (Members have to pay Rs51/- per month), Members will get 24 hrs net connection and all official hours reading magazine /journals/CDs etc.

B. Workshops/orientation Programs: BBSC will organize short term courses/orientation program/workshops on cutting edge technology time to time. This may be done by members of the

BBSC who are visiting India from abroad or by local bodies from different parts of India whose main work is to get acquaintance about emergence of new area in the field of Science & Technology, humanities and social sciences.

C. Creating Work Environment: BB scholastic center will work for creating work environment in the state. BBSC will organize following events and programs every year:

1. SciTechFest: The aim & objective of this TECHFEST is to Provide an opportunity to explore the hidden aptitude of the budding engineers & scientists. It will provide a platform to the students of Science & Technology to develop their interests and exchange their technical knowledge, and exchange their communication and personal skills. Eminent personalities from academia and industry are invited to deliver keynote address in each technical session .The conference includes paper presentations and model Presentations in parallel session.

EVENTS: This events includes

- ❖ Paper presentation.
- ❖ Model, poster & project presentation
- ❖ Student career counseling. And Representation from corporate sectors.

2. Career Guidance and Counseling Program: The aims and Objectives of This Program is to create awareness among Students/job seekers about the industry needs and demands,give expert guidance to enhance their skills in various fields, get opportunities to interact with Job Consultants and Companies in various fields invited from different parts of India and Abroad.

EVENTS

- ❖ Expert Guidance by Professionals from Industries from India and Abroad.
- ❖ Interaction with Top Job Consultants in various Fields and HR of the company
- ❖ Direct Placement Opportunities in IT Related fields and various other Fields.

3. **Student Projects:** Students from Engg/ sciences may do their project work and will get all facilities from Scholastic center in terms of guidance and support. At the end of their project work, they will get certificate from Scholastic center.
 4. **BB Student chapters at Colleges:** BB will form its chapters at all Colleges of Bihar by electing student representatives. The work of representatives will be to organize popular lecture and workshops in that college and also to interface with BB local chapter. Representatives will be involved in increasing memberships of BiharBrains particularly from youngsters. Student representative will get proper place in BB local chapter executive committee. The local chapter executive committee will give its reports and suggestions to BBSC time to time.
 5. **Mega Technical Project under local researchers Team:** BB will work in building technical Team of local researchers. BB may provide all facility to the idea projects submitted by local technical team members after discussion with the group members.
 6. **Science awareness among children/scientific toys from Children:** BB in association with Science for society will work for awareness of science in children. We have signed MOU with the Science for society (www.scien4societybihar.org) and decided to Provide some work/assign work to school students in Making toys and other scientific toys/machines under local guidance of teacher. BB will work for marketing of those products in India and abroad if feasible.
- c. **Center for Personality Development(CPD) and Human Resource:** The main aim of the Center of Personality Development is to develop personality among youngsters which is necessary to have in everybody to compete with fast changing world market where students of Bihar really lacks in. This center will not only take general classes for improving fluency in English speaking power by seminars /GD/Interviews but also give special training to those who wants to opt for higher studies from abroad.

To increase no. of students who wants to opts for the higher studies in foreign countries, special guidance in the form of coaching will be provided whose main work will be

- To teach and train students for the GRE/GMAT/TOEFL exam
- To provide all necessary infrastructure for the respective exams like CDs /software, Books etc.
- **FEE:** Nominal fee will charged from the students. The amount of fee will be decided later.
- **Faculty:** Regular and part time faculty will be hired by the Scholastic center who will be involved in giving guidance to trainee.
- Members of BB visiting India will be given chance for their popular lecture to have interface with the entrants of the exam.
- Group discussion/Mock Interviews: will be a part of the center.
- Center will organize Free GD/Mock interviews session on Sunday. In that case they will have to pay only Rs 21 per month as member of BBSC.

In addition to this, various courses related to personality development and Management and finance can be run under this CPD.

- d. Placement and consultancy center:** By looking at growing work environment and work culture in Bihar, There is need to establish Placement and consultancy center. This placement and Consultancy center will be independent unit from BBSC. But there will be MOU between Placement and consultancy center (or any other name) and BBSC, to give their 10% profit share to the BBSC every year.
- e. Monthly Magazine (Manthan):** BB Scholastic center will launch monthly magazine (Manthan) and will be sold in the market. Profit will go the BB scholastic center. First issue and second issue of Manthan (both are e-magazine) have already been released. For making it regular printable magazine, marketing survey has already been started. We need to give this magazine as world standard magazine. For that local committee will be made. By loking at content of the magazine, separate company can be opened for

the Manthan (name can be changed or kept as it is). BBSC will form one committee to give its report. For the time being, Magazine has been made freely accessible by all to gain popularity and suggestions/feedback by readers.

f. **Self sufficient Unit:**

BB scholastic center may generate its own fund by following means

1. Short term courses in cutting edge technology and employment oriented courses on nominal charge.
2. CDAC Authorize Center
3. Center for personality Development
4. Placement and consultancy Center
5. BBSC membership
6. Faxes/printers/scanning/computer typing from non BB members.

- g. **Development Project Execution Center:** The entire development project started by BB will be executed from BB Scholastic center with the help of local members and BB staff members at Patna.

Norms of Opening centers of Scholastic center:

Following are the list of ways on which any centers can be opened in association with members.

1. It can be separate entity from BBSC; it can be opened in any name with a condition that investors for that entity will be from members of BiharBrains. There will be MOU between CDAC Authorized center and BBSC to donate 10% of its profit to BB. BB society top brass will be main role player in advisory council of CDAC Center
2. The center can run under BBSC completely where all members of BB or any other national and international person, society, organization can donate amount for their infrastructural development and all others costs in five years. Break even will be achieved in a less than five years of CDAC center and money will be re-imbursed to the investors. The rest extra amount will be termed as the donations to BBSC. After five years, CDAC center will be run by BBSC completely. During these periods of five years, Investors may play significant role in the decision making process of CDAC Authorized Center along with BiharBrains

Society. In all the cases, donations will be taken in the name of BiharBrains.

Note:

- 1. Discussions can be held to opt for any one of the choices for the development of any centers.**
- 2. All other ideas or any other means of investment proposals will be appreciated and warmly welcomed for the discussion**

Total Investment (Roughly) and Means of Investment: This can be varied. This will depend upon the investment in individual centers. For the development of Point no B of the aims and objectives of the project (To establish Center for learning, discussions, seminars, workshops, orientation programs with all basic infrastructures), it is estimated to be roughly is Rs 2.0 Crore .

- Excel sheet is attached here with this Project Plan.
- Excel sheet contains Investment on One time investment + staff salary for five years.
- It is believed, breakeven will be achieved in max five years.
- First members and non member's contribution for donation will be treated as the investment cum donation.
- The entire contribution amount will be paid back to the investors and the BB will run as self sufficient Unit under BB.
- For the exact investment and legal issues, advice can be taken from legal advisor at Patna and also local committee can be formed who will submit entire project report within month.

-----**The End**-----
