To,

Dept of science & Technology
Govt of Bihar, Patna

Through: Global Bihar Meet, 2007

Sub: Proposal of Development of "BiharBrains Scholastic Center, BBSC", a Gyan Kendra at Patna

Dear Sir,

India is a land of spiritual gurus, Pundits of natural sciences and ancient Sheet of learning where unique concept of cumulating knowledge & churning of deep rooted philosophy of mankind were into practice.

Bihar is one of the states in India which was cynosure for the paradise for intellect and blessed with scholars of international fame who spreaded the light of knowledge and wisdom throughout the world.

To rebuild the past glory and revamp education in the changed environment, Bihar Brains, an international organization of educated people of Bihar living in India and abroad is planning to establish its "**Scholastic center "a Gyan Kendra**" at Patna in association with NRIs of Bihar and active co-operation with industrialist/organizations from India and the govt of Bihar.

The main objectives of this project are to establish unique scholastic center where students, Professors, Researchers, scientist of all the streams will get all basic infrastructure like computers, Internet with unlimited accessibility and all multimedia facility, free online international and national journals and free consultancy for higher studies and employment in abroad. This scholastic center will also establish Training, design and development center in the field of science and Technology, Finances and personality development. The placement and Consultancy center will be established for giving educational consultancy and help in getting employment in India and abroad to the needy aspirants.

This scholastic center will also be the development project execution center where all ideas of any individuals or group will be executed in Bihar. The details about this project can be seen on our website www.bbscindia.com .

In a brief, for setting up complete scholastic center, we need to establish following centers

- A. To establish CDAC authorized Centers in IT related Training ,design & development
- B. To establish Center for learning, discussions, seminars, workshops, orientation programs with all basic infrastructures.
- C. To establish Development projects Execution Center
- D. To establish Center for Personality Development (CPD) and Human resources.
- E. To establish Placement and consultancy center
- F. To establish Center for Unique Online Library
- G. To develop "Manthan" a world class online and printable magazine
- H. To open and promote R&D center/Institute/Company under BiharBrains society or in association with Govt or any other groups or individuals.
- I. To work for infrastructural development of the schools/colleges in India.

The details of this program have been attached with this proposal.

Total Initial investment: Rs 4 crore approx
Space requirement: around 9000 sq.ft initially

What help we need from govt:

To set up whole infrastructure, we do feel that there should be active participation and association with the govt of Bihar. We need following things from the govt.

- a. **Space for scholastic center:** around 9000 sq.ft in the good location where center can be easily accessed from all corners of Patna.
- b. **Infrastructure development for (point no B, stated above)** establishing Center for learning, discussions, seminars, workshops, orientation programs with all basic infrastructures. The basic infrastructure includes 51 computers, Internet with all multimedia facilities etc.

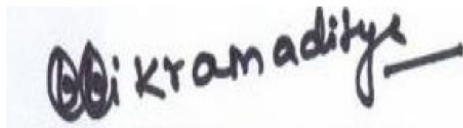

For setting up above mentioned requirements for the scholastic center and also to have active association with the govt of Bihar, we submit our proposal for the consideration.

On the basis of the proposal, BiharBrains will be happy to talk with any higher authority of the govt in this regard for the investment possibilities and active association with govt of Bihar.

I do hope, the establishment of this scholastic center will help students, scientists and budding researchers to get fulfillment of their dreams to have such "**Gyan Kendra**" in the state of Bihar. As far we know, the present govt of Bihar also proposed to have such centers in Bihar.

Also we do expect positive response from the govt in establishing this "Scholastic center" in Bihar.

Warm regards.
